Terms and conditions

Incentive availability

Incentives are available on a first-come, first-served basis according to the postmark date on the application. Please reference the program Web site at www.pacificpower.net/hes to determine the current status of incentive availability. All equipment must be new and have been purchased and installed prior to submitting an incentive application. It is required that equipment be purchased and installed on or after January 1, 2009. Applications must include all information requested. Failure to provide this information may result in the delay or denial of the incentive.

Incentive qualifications

In order to receive the Central Air Conditioner Incentive*, equipment must be a new, air-source split or packaged unitary air conditioner with an Air Conditioning, Heating and Refrigeration Institute (AHRI) Standard Rating Cooling Capacity of 65,000 BTU/hr (5.4 tons) or less. Equipment must contain or have a factory or field installed TXV. Split-system equipment must include a new matched condensing unit and new evaporator/fan coil with an overall Seasonal Energy Efficiency Ratio (SEER) determined by AHRI standard 210/240 and listed in the AHRI Certified Directory of Unitary Equipment. This directory can be found online at www.ahridirectory.org.

*Requires also that the SEER and EER ratio of installed equipment must meet or exceed 15 SEER and 12.72 EER as determined by AHRI Standard 210/240.

Qualifying customers

Residential electric customers residing in the state of California who purchase their electricity from Pacific Power on rate schedule D, DL-6, DS-8, DM-9 or NEM-35 qualify. Landlords who own rental properties served by the company in the state of California where the tenant is billed on rate schedule D, DL-6, DS-8, DM-9 or NEM-35 also qualify for this program. You can find your rate schedule on your bill or by calling 1-888-221-7070.

Qualifying equipment and services

Qualifying products and services may be found online at www.pacificpower.net/hes, or by calling 1-800-942-0266. Home improvement incentives available on existing homes only.

Application details

Pacific Power reserves the right to conduct random inspections to verify information provided on the application. If your application is selected for review, it will not be processed until the review is satisfactorily completed. Incentive qualifications and amounts are subject to change and termination at any time. Pacific Power customers should visit the program Web site at www.pacificpower.net/hes.

The customer hereby transfers to Pacific Power all "Environmental Attributes" attributable to the Qualifying Equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by PacifiCorp generating facilities through reduced generation of energy or other savings or offsets on account of the Qualifying Equipment. The customer will not claim ownership of any Environmental Attributes. As long as the customer at the same time states the Qualifying Equipment was made possible with funding from Pacific Power, the customer may claim that it is facilitating the production of the Environmental Attributes attributable to the Qualifying Equipment.

Pacific Power issues incentives in the form of checks not utility bill credits. Pacific Power is not responsible if your dealer or contractor provides inaccurate information about the amount and/or conditions of the actual incentive and Pacific Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers or contractors regarding incentive qualifications. Households receiving incentives under the Home Energy Savings program may not receive equipment purchase and installation incentives under other company programs.

Incentive applications must be submitted within 90 days of purchase or installation.

Keep a copy for your records. Mail the completed form within 90 days of purchase to:
