

Smart Thermostat Incentives

Utah Residents

For purchases made on or after May 22, 2017

Smart Thermostat Incentives

See rockymountainpower.net/ut-qpl for qualified products or ask your retailer

Customer Incentive	\$50
--------------------	------

Instructions

Steps and requirements to earn each incentive

Ensure home qualifies

- Must be existing home, not new construction
- Electrically cooled and heated homes qualify
- Electrically cooled homes must have a central air conditioner servicing at least 80% of the conditioned living space
- Electrically heated homes must have an electric furnace or heat pump servicing at least 80% of the conditioned living space

Purchase a new qualifying product

- Smart thermostat must be a Wi-Fi enabled, programmable climate control device that allows customizable schedule of home temperature
- Product must be on qualified products list at time of purchase: rockymountainpower.net/ut-qpl
- A home is not eligible for more than two smart thermostat incentives

Install product properly

- Occupancy sensor must be enabled

Include an itemized receipt or invoice

Itemized receipt/invoice details must clearly show and describe:

- Product purchased
- Model number
- Price paid
- Date of purchase

Mail all documents so they are postmarked within 180 days of completion of the qualifying product purchase

Make copies for your records. Documents to mail include:

- This completed and signed application
- Itemized receipt or invoice
- W-9 tax form for businesses and non-individual customers, including landlords, applying for incentives
- Third Party Payment Addendum for homeowners who are not listed on the utility account and who are applying for incentives

Provide smart thermostat information here

You can apply for a maximum of two smart thermostat incentives
